Schuylkill River Park Community Garden (SRPCG)
Tomato Trials Agreement

Welcome to the Tomato Trials. This is a wonderful opportunity to experience many of the Garden's Benefits while you are on the waiting list. Above all, we want you to enjoy Gardening, interact with the Garden's Community, and experience some of what the Garden has to offer. To keep the process fair, we require you to agree to the following in order to take part in the Tomato Trials and pay a nominal fee of $15 per season.

1. I am familiar with and agree to abide by the Schuylkill River Park Community Garden's Urban Garden Rules and Guidelines. This document is available on the Garden's Website and the Garden's Bulletin Board for inspection. I agree to be responsible for keeping up to date with the most recent Urban Garden Rules and Guidelines, as posted by the Steering Committee.

2. I understand that I must be a current Waiting List Member to participate in the Tomato Trials. This includes keeping current with my CCRA Resident Membership. If at any time my CCRA Resident Membership lapses and/or I obtain a plot in the Garden (hence leaving the waiting list) and/or I move out of the CCRA geographic boundaries, I will no longer be able to participate in the Tomato Trials.

3. I understand that I cannot give the Garden's Combination to anyone else for any reason. I understand that if I am the last person in the garden, I am responsible for locking both gates and ensuring that no visitors are present when the gates are locked.

4. I understand that I cannot plant in any plot within the Garden. There is absolutely no exception to this rule, even if given permission by a Gardener.

5. I agree to plant only in those areas designated by a Garden Steering Committee Member. I understand that if I plant in any area that is not directly designated by a Garden Steering Committee Member, those plantings will be removed and destroyed or otherwise disposed of in a manner determined by the Steering Committee. I will receive no compensation for and have no rights to plant material planted in areas that are not directly designated by a Garden Steering Committee Member.

6. I agree to harvest only from those plants I have grown and/or from those plants for which I have been officially granted harvesting permission from a member of the Steering Committee.

7. I understand that a portion of the produce I grow, as designated by the Steering Committee, will be donated to a charitable cause.

8. As with plots, space on the Tomato Trials is allocated by household.

9. I understand that this agreement may be revoked at any time for any reason by a majority vote of the Steering Committee.

By signing below, I indicate that I have read and agree to abide by all of the above points. I understand that violation of any of these points is grounds for termination of my participation in the Tomato Trials. If multiple members of the same household are participating in the Tomato Trials, all must sign this agreement. This agreement automatically terminates on October 31st of the year in which it was signed.
